MYSORE DISTRICT.

Abstract Notification dated 9th February 1917.

It is hereby notified that Jodi Hullekere village, Kasaba hobli, Nagamangala Taluk, will be sold by public auction in the Taluk Office at Nagamangala on the 26th March 1917, on account of arrears of revenue due to Government.

2. For further particulars, see page 232 of Part II of *Mysore Gazette*, No. 8, dated 22nd February 1917.

M. SESHADRI,
For *Deputy Commissioner.*

MYSORE REVENUE SURVEY AND SETTLEMENT DEPARTMENT.

Notification dated Camp Nelamangala, 18—19th February 1917.

It is hereby notified for general information that the revised rates of assessment in the 283 Government villages comprised in the late Gudibanda Taluk now distributed among the marginally noted taluks and sub-taluks of the Kolar District having been sanctioned by Government, the announcement of the same under Section 113 of the Mysore Land Revenue Code will be commenced at Gudibanda on or about the 12th of March 1917.

No. of Villages.	
138	Gudibanda Sub-Taluk.
98	Goribidnur Taluk.
46	Chikballapur Taluk.
1	Sidlaghatta Taluk.
283	

D. K. DARASHA,
Superintendent.

EXCISE DEPARTMENT.

Notification No. Mis. C. 486-16, dated 24th February 1917.

Under clause (*e*) of Section 29 of the Mysore Excise Regulation V of 1901, and in virtue of the powers delegated to him under clause VIII of Government Notification No. 11287—Ex. F. 3-1901, dated 7th January 1902, the Excise Commissioner hereby directs that on and after 1st July 1917, dram measures of Cylindrical shape with hemispherical bottom shall be used in the sale of liquor in all the arrack shops throughout the State (including Bowringpet Taluk) in lieu of the present conical shaped copper dram cups.

2. These measures are made of nickel silver, under authority from Government, and stamped with the device "Gandaberunda" encircled by the words "Mysore Excise" in a scroll, the edges being milled and provided with a lip.

3. Each set consisting of a dram (or one fifty-first part of a gallon), half dram and quarter dram costs Rs. 2-4-0 and will be available for sale to the licensees in the Excise Range Offices. They will be supplied to them on production of a Treasury receipt in token of credit of the value thereon.

4. The conical-shaped copper dram measures as well as the Cylindrical aluminium dram measures now in use in the Bowringpet Taluk are hereby recalled from use with effect from 1st July 1917. They will after being crushed into a shapeless mass in the Range Office so as to be unfit for use again as such, be returned to the owners.

5. In measuring, all cups shall be filled up to the brim until the liquid flows out through the lip. When not in use, they shall be placed inverted in an enamelled dish.

6. Making pits on the tills and placing the cups therein with the top upwards is strictly prohibited.

7. Any attempt at rendering the capacity of the measures shorter, either by disfiguration or otherwise is strictly prohibited, and the use of any other kind of measures will be illegal and unauthorised.

8. Infraction of any of these conditions will render the licensee or his servant, as the case may be, both liable to the penalties provided in the arrack sale notification and to prosecution.
